PREFACE

HENDERSON, N. C.

Southern Directory Company, publishers of the Henderson city directory, takes pleasure in presenting the 1947-48 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous cooperation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of Henderson, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory is consulted, for truly, the directory is a mirror reflecting Henderson to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory, as they are the responsible enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The 1946 population of Greater Henderson is 15,227, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

SIX MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning State and National Governments. Associations, Churches, Colleges, Clubs, Hospitals, Libraries, Schools and Parks are listed in the Classified Business Directory.

401692

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers, can be found beginning with page eleven.

THE ALPHABETICAL LIST OF NAMES contains data concerning each individual, firm and corporation within the city. The wife's name is given in parenthesis and is followed by position, place of employment and resident address.

THE CLASSIFIED BUSINESS DIRECTORY contains the various names of all manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE contains a complete directory of streets and avenues arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

THE RURAL ROUTES DIRECTORY, which follows the Street and Avenue Guide, is used constantly in reaching rural residents with advertising matter and other mail.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Henderson, for business men the country over realize that the city directory represents the community as it really is.

WHO CAN OBTAIN A PERSONAL LOAN?

Anyone who is at least 21 years old and needs money for a legitimate purpose can borrow at this bank, provided he or she is able to meet our reasonable credit requirements:

- **A record of paying bills promptly.**
- **Dependable income from a regular salary or other steady earnings.**
- **Ability to make payments, conveniently, from income.**

We do not advise anyone to go into debt needlessly. But when a loan is necessary, or when it pays off other debts on a sound, economical basis, it is good business to borrow.
